

Step Forward! Step Up! And Never Back Down!

The Prime Ministry is our right!
Each Premiership is in sight!
To head each province and the nation--
Is our inspired aspiration.

Dreaming determines every future--
And daring deeds do hopes secure.
Never backsliding, we won't stop
Til we're First Ministers at the top!

Black Scotian women--always first
Young girls, our time's unrehearsed;
Yet, we're set, *Power* to exercise--
If we, first, our strength realize.

African Baptist Christians--
Democrat Nova Scotians--
Must be elite in all fashion--
The hope of our generation.

To be Governor-General or Queen--
Or Lieutenant-Governor, and preen--
Is our poetic politics,
Our dream-so-true dynamics.

To be a minister of the Crown,
To fashion verbs of every noun,
To be an honourable Senator,
Makes each of us the victor.

The Prime Ministry is our right!
Each Premiership is in sight!
To lead each province and the nation--
Is our 'mos def' destination.
